

## Planned Giving Ensures a Lasting Impact

Community of Christ Health Ministries Association carries on the Church's long tradition of emphasis on stewardship and wholeness as it relates to spiritual life and physical life.

Your stewardship and your desire to leave a legacy can have a far-reaching impact in the lives of people for generations to come.

HMA is committed to training the next generation of health care professionals. Providing scholarships for indigenous students and mentoring for other health care students, HMA supports those who have a desire to serve others whether in congregations or in their communities.

Scholarships make the difference between hopes that are empty and dreams that come true. As a donor, you make the greatest impact when you invest in those who are actively trying to better themselves and who choose to work in their indigenous communities. HMA puts a face to your gift, creating a fulfilling connection for you. It is God's love that creates the lasting impact.

## Community of Christ Health Ministries Association *- carrying on the tradition of wholeness.*

*"Our Church has long recognized that physical health and well-being are closely related, if not virtually inseparable from spiritual health."*

*- Wallace B. Smith, MD*

**HMA** envisions sustainable health  
and wholeness for all.

An affiliate of Community of Christ,

**HMA** is an association of  
health professionals and others  
passionate about health and spirituality.
