BREAKOUT SESSIONS

Chronic vs Acute Illness: - Type 2 diabetes may be prevented or delayed if lifestyle changes are made. Emphases on the impact of this syndrome, tools now given to us to address the management of this disease, and as the "body is the Temple of the soul," how we as a caring people can take better care of ourselves so that we may be better servants of God.

Health, Spirituality, & Sacraments: Explore ways in which the sacraments are vehicles of God's grace in the lives of individuals and the church.

Integrating Health and Spirituality: Integrative Medicine is healing-oriented medicine that takes account of the whole person (body, mind and spirit), including all aspects of lifestyle. It emphasizes the therapeutic relationship and makes use of all appropriate therapies, both conventional and alternative.

Labyrinth: A Personal Spiritual

Journey: Walk the labyrinth, mirroring our life's journey, as a tool for meditation and prayer.

Life Journey & Spirituality for Older Adults:

Focus on "life journey" for our older adults in congregations and the community (where they have come from and where they are going). Selected eldercare and caring issues, such as loss, grief, depression, and loneliness. Discussion will center on the ongoing need to find meaning, purpose, and wisdom in life and how to assist older persons connect with the Spirit & express spirituality in their later years.

Planning the Gift of Love: Bioethical issues affecting end-of-life decisions.

Prayer and Fasting: Prayer and fasting's role in healthcare- a 1st resource rather than a last resort.

Self-Care for the Caregiver:

Caring for yourself while you care for others.

Spiritual Companion: a Path to Deeper

Listening: Ways of exploring ones' spiritual journey to develop authentic and deeper relationships with each other and with God.

Stewardship of the Body: Focus on chronic disease prevention.

Using Your Healing Energy: Explore the human energy system and ways to engage it in healing ourselves and others.
