THE GROVES

BREAKOUT SESSIONS

Body Prayer: Learning about and experiencing body prayer as a form of healing.

Chair Massage: Sign up for a few tranquil moments of personal relaxation and renewal of your spirit.

Enneagram, Health and Spirituality: The Enneagram has been described as 9 ways of seeing the face of God. Far more than a personality typology, it helps us better understand ourselves and others, as well as offers compassionate observation of our spiritual lives.

Financial Issues Related to Health:

Virtually everything we do in life and everything that happens to us carries with it a financial component. This session will explore what those are and offer suggestions on how to address them as part of a life plan.

Healing With Spirit! Based on a spiritual and energy healing paradigm, this class will offer ideas and exercises to facilitate connections with our natural state of health and well-being.

Hope in the Midst of Struggle: Seeking to understand the role of hope in counseling ministry.

Is Uncle Ron Going to Die?—Ministry in the Midst of Medical Crisis: A Discussion of a child's understanding of death and talking with them about death. Also how to have conversations with children, parents, families and friends in the midst of medical crisis.

Hope as Reflected in Jungian Therapy: Human Beings strive to actualize their most powerful potential and to work toward the betterment of humanity. This is not an ego construct but has to do with soul.

“A Merry Heart Doeth Good like a Medicine”- Proverbs 17:22 demonstrates the connection between experiencing laughter and the health benefits that result. Come prepared to tell your favorite funny story!

Spiritual Care and Alzheimer's: The growing prevalence of Alzheimer's among adults means that we need to understand not only the disease process, but also the spiritual needs of both the patient and their family as they encounter a journey that takes away the patient's sense of self and place in the world.

Using Music to Facilitate Healing of the Spirit: An interactive session involving basic techniques of music therapy, coupled with other forms of creative expression to bring about personal change. It's not necessary to possess music skill. Guaranteed to be fast paced, fun filled spiritual experience.

KEYNOTE ADDRESSES

“The Heart of World Religions & The Heart of the Patient”

Vern Barnet

The Reverend Vern Barnet, DMn, religion columnist for The Kansas City Star, is minister emeritus at CRES, Kansas City's multi faith resource, and is convener emeritus of the Kansas City Interfaith Council which he founded. The recipient of awards from Christian, Jewish, Muslim, Buddhist, and other groups, he has promoted interfaith understanding in the metro area since 1982. He has taught religion in both university and seminary settings and is a frequent guest at area churches.

After doctoral studies at the University of Chicago, he was ordained in 1970. His career began with parish work in Illinois, Pennsylvania, and Kansas.

Barnet has been written widely and spoken at interfaith events from the inner city to India, where he once addressed 500,000 people on the banks of the Ganges River. His work in Kansas City following 9/11 was featured on a network CBS half-hour special, "Open Hearts, Open Minds." His KC Star column, "Faiths and Beliefs," appears each Wednesday in the FYI section. His website is www.cres.org.
