The participants will also read and apply the daily reading of the Rule of Benedict to their own daily joys and struggles, as an example of the spiritual discipline practiced by the members of COH. ### Healing in the Face of Grief

All of us know grief, and each day, we touch the lives of others that know grief. Every grief is different, and everyone experiences grief differently.

And, yet, many of our understandings about grief are confused and unrealistic. This workshop will explore grief and healing, especially for those who grieve the loss of children or others very close to them. It is intended not only for those who weep, but also for anyone who weeps with those who weep.
