## A PRACTICAL GUIDE FOR CRISIS RESPONSE IN OUR SCHOOLS: FIFTH EDITION A NATIONAL STANDARD FOR RESPONDING TO SCHOOL-BASED CRISES

A Practical Guide for Crisis Response in Our Schools: Fifth Edition conveys critical information to assist schools in responding effectively to "everyday crises" as well as school-based disasters. It is an invaluable resource for administrators, support personnel and faculty.

School crisis response can no longer be delegated solely to members of a School Crisis Response Team. Today, crisis management is the responsibility of all educators. This dramatically expanded publication provides a structure and process for effectively managing the wide spectrum of school-based crises. It is an invaluable resource in preparation for, and during, actual crisis situations and continues to serve as a meaningful standard for our nation's schools.

By reaching our school families early with a comprehensive Crisis Response Plan, we can potentially prevent the acute difficulties of today from becoming the chronic problems of tomorrow.

The Academy offers a 20% discount for orders over 25 copies of A Practical Guide for Crisis Response in Our Schools. The discount will be

Jacob's Blessing by Donna Sinclair and Christopher White  
Publisher: Wood Lakes Books  
ISBN 1-55145-381-9

Chapter Four, The Whole Person is a wonderful discussion about the blessings a congregation can experience from having a parish nurse. The whole book is just a really great resource for Canadian churches. Of course the information is transferable, but it is nice for a change not to have to be making the transferences from USA examples.

Hope this is helpful,
